Question: How many seats are the University requesting?

Answer: Previous analysis says we will purchase a minimum of 7,500 seats to cover season ticket holders. We could also purchase up to an additional 2,500+ for game day rentals

Question: Is there an existing bleacher to install these on?

Answer: Yes. The selected provider will have to come and measure each row to make sure the connecting adapter will fit. We have found we have multiple sizes of planks back on sections

Question: Could the chairs be pre-installed on a towable bleacher which can be stored or left in place during games?

Answer: No. These seats will have to affix to permanent bleachers that are in place in the stadium.

Question: Does the University have a specific type of chair in mind?

Answer: No. We have used the IMG Seating product (wireframe, cushion) before but are really looking for a durable comfortable chair for season ticket holders and game day rentals.
