

**Q&A Addendum  
Sports Facilities Video Board Upgrades  
RFP 5272015**

**This document provides question and answer information pertaining to the above captioned RFP and will be updated as necessary.**

**REMINDER:** It is the Respondent's responsibility to thoroughly examine and read the entire RFP document and any addenda to this RFP.

**Posted June 2, 2015**

**Question:** Can you send me the paperwork that is needed or a link to where I can find the bidding process information? Can you send me the video board size you are wanting and the pixel size that is requested?

**Answer:** This solicitation and all corresponding documents can be found on our Hogbid website: <http://hogbid.uark.edu/index.php>. The specifications within the RFP document and corresponding Appendices include all the details/requirements.

**Posted June 15, 2015**

**Question:** Is general liability insurance \$5M [RFP\_5272015\_-\_Video\_Board\_Upgrades – WORD Doc. (pg. 10)] or \$1M/\$2M aggregate [RFP\_5272015\_-\_Video\_Board\_Upgrades – WORD Doc. (pg. 18)]?

**Answer:** Aside from the discrepancy, we would like to see \$1/2M minimum with \$5M Umbrella Liability.

**Question:** In Appendix I and under “Service Contracts” on Appendix II, it lists OPTION J – Parts and Labor years 3 -10 and OPTION K – Pre-Season Health Check years 3 - 10, but does not identify the specific venue. Please confirm that you would like a “bundled”/Phased cost for Options J & K and not broken out for each venue.

**Answer:** Provide per venue and cumulative should the University choose to upgrade all venues

**Question:** Please confirm that a Payment/Performance Bond is not required to be included in this submittal, but only required at time of award at 25% and only a Surety Letter is needed in bid response.

**Answer:** Please see last paragraph of 9.8

**Question:** Will the current as built structural drawings be made available (Baum & Barnhill)?

**Answer:** Barnhill was part of structural drawings already posted. It's our intent to provide the drawings for Baum as soon as located.

**Question:** Please confirm where the individual site Click Effects equipment is to be located (individual venue or central control room).

**Answer:** Central Control Room. Refer to SB drawings and specs for more information.

**Question:** Please confirm that video processors will be located at each venue and not the central control room.

**Answer:** Confirmed.

**Question:** Is the rear graphic (art TBD) at Baum intended to cover the entire back (inside of column 1 to inside of column 4) or is the graphic(s) to go between columns 1&2, 2&3 and 3&4 leaving the brick exposed?

**Answer:** For base bid use between 2&3 columns but would like to know the cost for the entire back as a potential alternate.

**Question:** The RFP states that the bids in this RFP will be publicly opened. Will the bid amounts be publicly tabulated at that time as well?

**Answer:** No award will be made at bid opening. Only names of respondents will be tabbed and a preliminary determination of proposal responsiveness will be made at that time.

**Question:** Electrical as-built drawings for all venues included under this RFP?

**Answer:** It is not our intention to provide these pre-bid, that's what the walk-thru and facility access was for.
