

# SOFTWARE DEMO SCHEDULING

## IDENTITY AND ACCESS MANAGEMENT SOFTWARE AND SERVICES **RFP 644456**

### DEMONSTRATION SCHEDULING

We expect to announce finalists on Tuesday, July 25. Finalists will be contacted individually to coordinate their invitation and the date of their presentation. Each finalist should expect to be present at the University of Arkansas Fayetteville for a full day of presentations and demos. See the previously provided Software Demonstration Script for guidance on the content and schedule of the presentation.

If a proposal involves multiple vendors, we prefer that the software vendors perform the demonstration, with representatives from partners or other bidding firms present to answer questions.

Thank you for your attention and cooperation.
