Standard Terms and Conditions

All bids submitted shall be in compliance with the general conditions set forth herein. The bid procedures followed by this office will be in accordance with these conditions. Therefore, all suppliers are urged to read and understand these conditions prior to submitting a bid.

1) Preparation of Bids

a) Failure to examine any drawings, specifications, and instructions will be at bidder's risk.
b) All prices and notations must be printed in ink or typewritten. No erasures permitted. Errors may be crossed out and corrections printed in ink or typewritten adjacent and must be initialed in ink by person signing bid.
c) Brand Name References: Unless specified "No Substitute" any catalog brand name or manufacturer's reference used in the bid invitation is descriptive only, not restrictive, and used to indicate the type and quality desired. If bidding on other than referenced specifications, the bid must show the manufacturer, brand or trade name, and other descriptions, and should include the manufacturer's illustrations and complete descriptions of the product offered. The University reserves the right to determine whether a substitute offered is equivalent to and meets the standards of the item specified, and the University may require the bidder to supply additional descriptive material, samples, or demonstrators. The bidder guarantees that the product offered will meet or exceed the referenced product and/or specifications identified in this bid invitation. If the bidder takes no exception to the specifications, bidder will be required to furnish the product exactly as specified in the invitation.
d) Samples: Samples or demonstrators, when requested, must be furnished free of expense to the University. Samples not destroyed during reasonable examination will become property of the University unless bidder states otherwise. All demonstrators will be returned after reasonable examination. Each sample should be marked with the bidder's name and address, bid number and item number.
e) Time of Performance: The number of calendar days in which delivery will be made after receipt of order shall be stated in the bid.

2) Submission of Bids

a) Bids, modifications, or corrections thereof received after the closing time specified will not be considered.

3) Acceptance of Bids

a) The University reserves the right to accept or reject all or any part of a bid or all bids, to waive any informality, and to award the bid to best serve the interest of the University.
b) If a bidder fails to state the time within which a bid must be accepted, it is understood and agreed that the University shall have 60 days to accept.

4) Error in Bid

a) In case of error in the extension of prices in the bid, the unit price will govern. No bid shall be altered or amended after the specified time for opening bids.

5) Award

a) Contracts and purchases will be made or entered into with the lowest responsible bidder meeting specifications or on the basis for best value.
b) When more than one item is specified in the Invitation, the University reserves the right to determine the low bidder either based on the individual items or based on all items included in its Invitation for Bids, or as expressly stated in the Invitation for Bid.
c) A written purchase order or contract award mailed, or otherwise furnished, to the successful bidder within the time of acceptance specified in the Invitation for Bid results in a binding contract without further action

by either party. The contract shall not be
assignable by the Supplier in whole or part without the written consent of the University.

d) Effective October 2022, supplier management will be managed through PaymentWorks. Suppliers must be invited by the university to register through PaymentWorks to establish a Supplier Account.

6) Delivery

a) The Invitation for Bid will show the number of days to place a commodity in the University designated location under normal conditions. If the bidder cannot meet the stated delivery, alternate delivery schedules may become a factor in award. The University has the right to extend delivery if reasons appear valid.
b) Delivery shall be made during university work hours only, 8:00 a.m. to 4:30 p.m., unless prior approval for other shipment has been obtained.
c) Packing memoranda shall be enclosed with each shipment.

7) Acceptance and Rejection

a) Final inspection and acceptance or rejection may be made at delivery destination, but all materials and workmanship shall always be subject to inspection and test and places, and when practicable. During manufacture, the right is reserved to reject articles which contain defective material and workmanship. Rejected material shall be removed by and at the expense of the contractor promptly after notification of rejection. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the University thereof for such materials or supplies as are not in accordance with the specification. In the event necessity requires the use of materials or supplies not conforming to the specification, payment may be made with a proper reduction in price.

8) Taxes and Trade Discounts

a) Do not include state or local sales taxes in bid price.
b) Trade discounts should be deducted from the unit price and net price should be shown in the bid.

9) Default

a) Back orders, default in promised delivery, or failure to meet specifications authorize the University to cancel this contract to the defaulting contractor. The contractor must give written notice to the University of the reason and the expected delivery date. Consistent failure to meet delivery without a valid reason may cause removal from the bidders list or suspension of eligibility for award.

10) Waiver

a) The University reserves the right to waive any General Condition, Special Condition, or minor specification deviation when considered to be in the best interest of the University, so long as such waiver is not given to deliberately favor any single Supplier and would have the same effect on all Suppliers.

11) Cancellation

a) Any contract or item award may be canceled for cause by either party by giving 30 days written notice of intent to cancel. Cause for the University to cancel shall include, but is not limited to, costs exceeding current market prices for comparable purchases; request for increase in prices during the period of the contract; or failure to perform to contract conditions. The contractor will be required to honor all purchase orders that were prepared and dated prior to the date of expiration or cancellation if received by the contractor within period of 30 days following the date of expiration or cancellation. Cancellation by the University does not relieve the Contractor of any liability arising out of a default or nonperformance. If a contract is canceled due to a request for increase in prices or failure to perform, that Supplier shall be

removed from the Qualified Bidders List for
a period of 24 months. Cause for the Supplier to cancel shall include, but is not limited to, the item(s) being discontinued and unavailable from the manufacturer.

12) Addenda

a) Addenda modifying plans and/or specifications may be issued if time permits. No addendum will be issued within a period of three (3) working days prior to the time and date set for the bid opening. Should it become necessary to issue an addendum within the three-day period prior to the bid opening, the bid date will be reset giving bidders ample time to answer the addendum.
b) Only a written addenda is part of the bid packet and will be considered.

13) Alternative Bids

a) Unless specifically requested, alternate bids will not be considered. An alternate is a bid that does not comply with the minimum provisions of the specifications.

14) Bid Openings

a) Bid opening will be conducted open to the public. However, they will serve only to open, read and tabulate the bid price on each bid. No discussion will be entered into with any Supplier as to the quality or provisions of the specifications and no award will be made either stated or implied at the bid opening.

15) Debris Removal

a) All debris must be removed from the University after installation of said equipment.

16) Payment Instructions

a) Contractor agrees that while making payments UA is entitled to rely on information contained in written or electronic communications that UA reasonably believes have been transmitted or authorized by Contractor.
b) Contractor shall hold UA harmless against any loss or damage related to or arising from UA's reliance on such communication.

Required Copy
Respondents must submit one (1) signed digital copy. **If** submitting a redacted copy, see the following section.

Required IF Submitting Additional Redacted Copy
IF submitting proprietary information in response to this IFB, it will be processed in accordance with applicable State of Arkansas procurement law. Documents pertaining to the IFB become the property of UA and shall be open to public inspection after a notice of intent to award is formally announced.

It is the responsibility of the Respondent to identify all proprietary information included in their bid Proposal. The respondent shall submit one (1) separate digital copy of the bid from which any proprietary information has been removed, i.e., a redacted copy (marked "REDACTED COPY"). **NOTE: There are SEPARATE repositories – the redacted copy is to be submitted in the repository titled "Upload redacted/proprietary bid documents".** The redacted copy should reflect the same pagination as the original, show the empty space from which information was redacted. Except for the redacted information, the redacted copy must be identical to the original copy submitted for the bid Proposal to be considered. The Respondent is responsible for ensuring the redacted copy is protected against restoration of redacted data. The redacted copy may be open to public inspection under the Freedom of Information Act ("FOIA") without further notice to the Respondent after a notice of intent to award is formally announced. If during a subsequent review process the University determines that specific information redacted by the respondent is subject to disclosure under FOIA, the respondent will be contacted prior to release of the information.

Proprietary Information
Proprietary information submitted in response to this bid will be processed in accordance with applicable University of Arkansas procurement procedures. All material submitted in response to this bid becomes the public property of the State of Arkansas and will be a matter of public record and open to public inspection after bid opening as defined by the Arkansas Freedom of Information Act. The Respondent is hereby cautioned that any part of its bid that is considered confidential, proprietary, or trade secret, must be identified as such and submitted separately into the proper portal, and can only be protected to the extent permitted by Arkansas law.

Note of Caution
Do not attempt to mark the entire proposal as "proprietary". Do not submit letterhead or similarly customized paper within the proposal to reference the page(s) as "Confidential" unless the information is submitted separately and identified as proprietary. Acceptable proprietary items may include references, resumes, and financials or system/software/hardware manuals. Cost cannot be considered as proprietary.

Ethical Standards
It shall be a breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business.

Contract and Grant Disclosure
Disclosure is a condition of this contract, and the University of Arkansas cannot enter into any contract for which disclosure is not made. Arkansas's Executive Order 98-04 requires all potential contractors disclose whether the individual or anyone who owns or controls the business is a member of the Arkansas General Assembly, constitutional officer, state board or commission member, state employee, or the spouse or family member of any of these. If this applies to the bidder's business, the bidder must state so in writing.

Arkansas Technology Access Clause
When procuring a technology product or when soliciting the development of such a product, the State of Arkansas is required to comply with the provisions of Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, which expresses the policy of the State to provide individuals who are blind or visually impaired with access to information technology purchased in whole or in part with state funds. The Supplier expressly acknowledges and agrees that state funds may not be expended in connection with the purchase of information technology unless that system meets the statutory requirements found in 36 C.F.R. § 1194.21, as it existed on January 1, 2019 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2019 (web-based intranet and internet information and applications), in accordance with the State of Arkansas technology policy standards relating to accessibility by persons with visual impairments.

Accordingly, the Supplier expressly represents and warrants to the State of Arkansas through the procurement process by submission of a Voluntary Product Accessibility Template (VPAT) or similar documentation to demonstrate compliance with 36 C.F.R. § 1194.21, as it existed on January 1, 2019 (software applications and operating systems) and 36 C.F.R. § 1194.22, as it existed on January 1, 2019 (web-based intranet and internet information and applications) that the technology provided to the State for purchase is capable, either by virtue of features included within the technology, or because it is readily adaptable by use with other technology, of: (a) Providing, to the extent required by Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, equivalent access for effective use by both visual and non-visual means; (b) Presenting information, including prompts used for interactive communications, in formats intended for non-visual use; (c) After being made accessible, integrating into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired; (d) Providing effective, interactive control and use of the technology, including without limitation the operating system, software applications, and format of the data presented is readily achievable by nonvisual means; (e) Being compatible with information technology used by other individuals with whom the blind or visually impaired individuals interact; (d) Integrating into networks used to share communications among employees, program participants, and the public; and Providing the capability of equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

If the information technology product or system being offered by the Supplier does not completely meet these standards, the Supplier must provide an explanation within the Voluntary Product Accessibility Template (VPAT) detailing the deviation from these standards.

State agencies cannot claim a product is not reasonably available because no product in the marketplace meets all the standards. Agencies must evaluate products to determine which product best meets the standards. If an agency

purchases a product that does not best meet the
standards, the agency must provide written documentation supporting the selection of a different product, including any required reasonable accommodation.
For purposes of this section, the phrase "equivalent access" means a substantially similar ability to communicate with, or make use of, the technology, either directly, by features incorporated within the technology, or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans with Disabilities Act or similar state and federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands or other means of navigating graphical displays, and customizable display appearance. As provided in Arkansas Code Annotated § 25-26-201 et seq., as amended by Act 308 of 2013, if equivalent access is not reasonably available, then individuals who are blind or visually impaired shall be provided a reasonable accommodation as defined in 42 U.S.C. § 12111(9), as it existed on January 1, 2019.

If the information manipulated or presented by the product is inherently visual in nature, so that its meaning cannot be conveyed non-visually, these specifications do not prohibit the purchase or use of an information technology product that does not meet these standards.

All State of Arkansas electronic and information technology purchases must be accessible as specified by Arkansas Act 1227 Amended by Act 308. Technology Access Clause

A blank copy of the Voluntary Product Accessibility Template (VPAT) form is available here:
https://procurement.uark.edu/forms.php

Note: All Suppliers should complete the VPAT form as it relates to the scope of the item(s) or commodity requested in the bid solicitation. Our expectation is that the Supplier will assign technical personnel who understand accessibility to the task. If a component of a VPAT does not apply, it is up to the Supplier to make that notation and explain why in the "Comments" column. The notation can be as simple as "Not a telecommunications or technology product." Failure to include the Voluntary Product Accessibility Template (VPAT) form (if needed) could result in bid disqualification.

Please checkmark if a Voluntary Product Accessibility Template (VPAT) form ☐ Is Included or ☐ Is Not Included with this bid response.

University of Arkansas Logo/Trademark Licensing
Merchandise that carries a university logo or trademark must be purchased from Suppliers that are licensed through the Collegiate Licensing Corporation. Therefore, bidders are required to be currently licensed to carry the University of Arkansas logo to be eligible to submit bids for those requests that involve the University of Arkansas logo or trademark. Only those offers submitted by currently licensed bidders will be considered for an award.

Non-Discrimination
Supplier agrees to adhere to all applicable Federal and State laws, including laws pertaining to non-discrimination.

1) Consistent with Ark. Code Ann. § 25-17-101, the Supplier agrees as follows: (a) the Supplier will not discriminate against any employee or applicant for employment because of race, sex, color, age, religion, handicap or national origin; (b) in all solicitations or advertisements for employees, the Supplier will state that all qualified applicants will receive consideration without regard to race, color, sex, age, religion, handicap or national origin; (c) failure of the Supplier to comply with the statute, the rules and regulations promulgated thereunder and this non- discrimination clause shall be deemed a breach of contract and this contract may be canceled, terminated or suspended in whole or in part; (d) the Supplier will include the provisions of items (a) through (c) in every subcontract so that such provisions will be binding upon such subcontractor or Supplier.

2) The parties hereby incorporate by reference the Equal Employment Opportunity Clause required under 41 C.F.R. § 60-1.4, 41 C.F.R. § 60-300.5(a), and 41 C.F.R. § 60-741.5(a), if applicable.

3) This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

4) This contractor and subcontractor certify that they do not maintain segregated facilities or permit their employees to perform services at locations where segregated facilities are maintained, as required by 41 CFR 60-1.8.

Performance Timeline

Contractor agrees to begin performance of this Agreement within ten (10) calendar days after it receives notice from the University that the Agreement has received legislative approval, if necessary, or the final contract has been signed by both parties, whichever is later (the "Commencement Date"). Time is of the essence in the Contractor's performance of this contract. If the Contractor fails to meet certain milestones within a specific timeline, the University will sustain damages. Therefore, if Contractor fails to complete certain services with the time limits herein specified, Contractor shall pay to the University, as liquidated damages and not in the nature of a penalty, the amount specified below, it being understood and agreed between the parties hereto that the said sum fixed as liquidated damages is a reasonable sum, considering the damages that the University will sustain in the event of any such delay. Said amount is herein agreed upon and fixed as liquidated damages because of difficulty of ascertaining the exact amount of damages that may be sustained by such delay. The said liquidated damages amount shall be deducted from the amount due to the Contractor.

Performance Milestone 1	Completion Deadline	Liquidation Damages
If there is a default in the performance of any of the material terms, conditions or covenants contained in this Agreement or Contract.	3 months Calculated from the Commencement Date.	20% of the total initial cost and annual fee.

Performance Milestone 2	Completion Deadline	Liquidation Damages
If there is failure to cure in the performance of any material terms, conditions or covenants contained in this Agreement or Contract.	3 months Calculated from the Commencement Date.	15% of the total initial cost and annual fee

Performance Milestone 3	Completion Deadline	Liquidation Damages

Prohibition on Contracting

In accordance with Ark. Code Ann. § 25-1-503, Supplier hereby certifies to the University that Supplier (a) is not currently engaged in a boycott of Israel and (b) agrees for the duration of the Agreement/PO/Contract not to engage in a boycott of Israel. A breach of this certification will be considered a material breach of contract. In the event that Supplier breaches this certification, University may immediately terminate the Agreement/PO/Contract without penalty or further obligation and exercise any rights and remedies available to it by law or in equity.
